Triple P Positive Parenting Program

Wheeler's Triple P - Positive Parenting Program® is a 10-week in-home, evidenced-based program that provides parents with the skills they need to be self-sufficient in their parenting and manage family issues without ongoing support. It helps parents to create a positive and safe home learning environment so that their children can develop emotional, behavioral and cognitive strengths. Based on the parents' needs and goals, the practitioner uses the Triple P workbook to give parents simple and practical strategies to help them confidently manage their children's behavior; prevent problems; and develop and build strong, healthy family relationships.
